Attached is the most current version of the draft oil and gas FIP for the U&O Reservation with revisions based on your comments.

Bruce Moore and Jodi Howard on the OAQPS OOOO team still need to take a second look at the draft now that we have addressed their initial comments.

Additionally, Charlene Spells (CTGs) plans to look at the document next week. For OGC, Rick Vetter plans to take a second look next week now that we have addressed his comments, and potentially Elliot Zenick as well.

Thanks,
